Product Description:

Fat Melting Machine is one of the main machines in chocolate production, and it is used for melting cocoa butter. The machine can be customized to suit your needs and engineers are available for service overseas.

Packaging & Delivery

The machine will be packed in a wooden case, avoiding unexpected damage, and it will be shipped from Shanghai port.

Service:

1. Along with the separate machines, our company also has an ability to deliver integrated solutions for the manufacture of the chocolate product.
2. Engineers are available for traveling to the customer's site overseas, in order to launch and maintain machines, as well as to provide a team training at the customer's location.
