

Table Specifications:

Table Model	YOQ-E250
WIREMESH (mm) (Table Mesh)	250
WIREMESH (mm) / (mm) (Table Mesh)	3x5-6x5
Table Fridge rigeration	10000000
(mm) (Table Mesh)	5
Table Temperature (°C)	15/02
(mm) (Table Mesh)	10.94
(mm) (Table Mesh)	8400 * 940 * 1780

Table Description:

The table is designed for use in a laboratory or industrial setting. It features a sturdy metal frame and a mesh top for easy access to the contents. The table is equipped with a refrigeration system to maintain a constant temperature. The table is available in various sizes and configurations to meet your specific needs.

Table Features:

1. The table is made of high-quality stainless steel, which is resistant to corrosion and easy to clean.
2. The table has a built-in refrigeration system that can maintain a temperature of 15°C.
3. The table has a mesh top that is 250mm wide and 5mm high. This allows for easy access to the contents of the table.

Table Dimensions:

- . The table has a length of 8400mm, a width of 940mm, and a height of 1780mm.
- . The table has a weight of 10.94kg.

Table Usage:

1. The table is used to store and transport samples in a laboratory or industrial setting.

The table is designed to be used in a laboratory or industrial setting. It is suitable for use in a wide range of environments, including hospitals, research laboratories, and industrial facilities. The table is easy to use and maintain, and it provides a safe and secure way to store and transport samples.
