

Table Dimensions:

Table Dimensions	100L Table Dimensions
Table Length (L)	100
Table Width (W) (Table Length x Width)	20-25
Table Height (H) (Table Length x Width x Height)	48
Table Thickness (h)	12-16
Table Weight (kg)	5.5
Table Area (Table Length x Width)	2.5
Table Volume	1050
Table Dimensions	1200 * 1150 * 1050

Notes:

Table dimensions are approximate and may vary slightly due to manufacturing tolerances. Table length is 100 units. Table width is 20-25 units. Table height is 48 units. Table thickness is 12-16 units. Table weight is 5.5 kg. Table area is 2.5 units. Table volume is 1050 units. Table dimensions are 1200 * 1150 * 1050 units.

Table Dimensions & Table Dimensions:

1. Table dimensions are approximate and may vary slightly due to manufacturing tolerances. Table length is 100 units. Table width is 20-25 units. Table height is 48 units. Table thickness is 12-16 units. Table weight is 5.5 kg. Table area is 2.5 units. Table volume is 1050 units. Table dimensions are 1200 * 1150 * 1050 units.
2. Table dimensions are approximate and may vary slightly due to manufacturing tolerances. Table length is 100 units. Table width is 20-25 units. Table height is 48 units. Table thickness is 12-16 units. Table weight is 5.5 kg. Table area is 2.5 units. Table volume is 1050 units. Table dimensions are 1200 * 1150 * 1050 units.

Table Dimensions:

1. Table dimensions are approximate and may vary slightly due to manufacturing tolerances. Table length is 100 units. Table width is 20-25 units. Table height is 48 units. Table thickness is 12-16 units. Table weight is 5.5 kg. Table area is 2.5 units. Table volume is 1050 units. Table dimensions are 1200 * 1150 * 1050 units.

2. Table dimensions are approximate and may vary slightly due to manufacturing tolerances. Table length is 100 units. Table width is 20-25 units. Table height is 48 units. Table thickness is 12-16 units. Table weight is 5.5 kg. Table area is 2.5 units. Table volume is 1050 units. Table dimensions are 1200 * 1150 * 1050 units.
