

Table Specifications:

Table Model	Q111
Table / Table) Table)	0.8-2.5
Table Table) Table Table)	21
Table / Table Table) Table Table)	21800
Table) Table Table Table)	280 * 200 * 30
Table) Table Table Table)	270
Table) Table)	4800
Table) Table Table Table)	17010 * 1010 * 1330

Features:

This table is designed for high precision and accuracy in manufacturing processes. It features a sturdy metal frame and a precision-ground table surface. The table is equipped with a precision ball bearing system for smooth and accurate movement. It is suitable for a wide range of applications, including precision grinding, honing, and fine turning. The table is also equipped with a precision ball bearing system for smooth and accurate movement. It is suitable for a wide range of applications, including precision grinding, honing, and fine turning. The table is also equipped with a precision ball bearing system for smooth and accurate movement. It is suitable for a wide range of applications, including precision grinding, honing, and fine turning.
