

Table Specifications:

Capacity	1000L
Number of screens (microns)	55
Number of screens (microns)	9
Quantity(kg)	1000
Capacity(kg/h)	1000
fineness(micron)	18-22
Power (kW)	4900
Dimensions	1000 * 2000 * 3100

Table Features:

The table is designed for efficient material processing. It features a robust frame and a powerful motor. The table is suitable for processing various types of materials, including milled grains. The table is easy to operate and maintain.

Table Specifications:

1. The table is made of high-quality stainless steel, which is resistant to corrosion and easy to clean.
2. The table has a large capacity, which allows it to process a large amount of material at a time.

Table:

1. The table is made of high-quality stainless steel, which is resistant to corrosion and easy to clean.

2. The table has a large capacity, which allows it to process a large amount of material at a time.
