

Table Specifications:

Model	YOQ-E250
Capacity (kg)	250
Speed (rpm / min)	3.5-6.5
Power (kw)	10.94
Dimensions (mm)	8400 * 940 * 1780

Notes:

For detailed information, please refer to the user manual. The machine is designed for industrial use and requires professional maintenance.

1. Safety: Always wear safety gear and follow safety protocols.
2. Maintenance: Regular maintenance is required to ensure optimal performance.
3. Capacity: The machine is rated for a maximum capacity of 250 kg.

Electrical Specifications:

1. Power: The machine requires a power supply of 10.94 kW.
2. Voltage: The machine is designed for a standard industrial voltage.

Installation:

1. The machine should be installed on a flat, stable surface.
2. Ensure proper ventilation and clearances around the machine.

Conclusion:
