

Technical Data:

Model	60L
Flow rate (L/min)	60
Delivery lift (m)	10
Rotational speed (rpm)	150~200
Power (kw)	2.5
Caliber (mm)	63

Product Description:

The pump is specialized for delivery of chocolate mass. The pump body is with water-circulating heat preservation system. Customers can choose different model according to the flow rate required. The pump can be used individually or with other production lines for automatic chocolate mass feeding.

Packaging & Delivery:

1. The machine will be packed in a wooden case, avoiding unexpected damage.
2. The machine will be shipped from Shanghai port.

Service:

1. Along with the separate machines, our company also has an ability to deliver integrated solutions for the manufacture of the chocolate product.
2. Engineers are available for traveling to the customer's site overseas, in order to launch and maintain machines, as well as to provide a team training at the customer's location.
