

1. This machine adopts full servo intelligentized control and runs with low noise, which makes the working condition more comfortable.
2. The machine is highly automated. It can be connected to production line directly; the processes of feeding, forming, filling and sealing are fully automatic.
3. The machine adopts industrial touch screen, human-machine interface. It intuitively shows the parameter and has the menu operation, which makes operators easier to use.
4. The machine has device for film auto-connection, which makes processes of packing more smoothly.
5. Unique design of machine makes high speed auto-packing of products with smaller size come true.

Production Capacity	1400bags/min
Packing Range	Length: 12-50mm, Width: 12-30mm, Height: 5-18mm
Length of Finished Bag	50-120mm
Shape of Candy	Square, Ellipse, Oblate, Globular, Plum Blossom
Gross Power	6Kw
Overall Dimension	3700x1650x1700mm
Gross Weight	1400kg
Power Supply	220v 50Hz
Packing Material	OPP, CPP, PET Metallized Film, Al-plastic Film, Paper-rubber Complex

## **Our Company**

Our company is founded in Suzhou, we are the professional supplier of chocolate production line. We continuously innovate according to customers' demands. Our products and solutions have been applied to more than 50 countries and areas now. It's our permanent goal to provide best service for our customers which is the only reason why YOQ was created. And to meet clients' requirements continually is our motive power. To provide efficient service for customers is our working guide and standard of value assessment. Making our clients succeed means making ourselves succeed. We hope to cooperate with new and old customers for a bright future.
