1. This machine adopts full servo intelligentized control and runs with low noise, which makes the working condition more comfortable.
2. The machine is highly automated. It can be connected to production line directly; the processes of feeding, forming, filling and sealing are fully automatic.
3. The machine adopts industrial touch screen, human-machine interface. It intuitively shows the parameter and has the menu operation, which makes operators easier to use.
4. The machine has device for film auto-connection, which makes processes of packing more smoothly.
5. Unique design of machine makes high speed auto-packing of products with smaller size come true.

Max. Production Capacity		30-140bags/min	80-290bags/min	80-350bags/min
Packaging Range	Length	170-400mm	80-300mm	60-100mm
	Width	35-100mm		
	Height	<60mm	<40mm	<30mm
Max. Dia of Film	Ø350mm			
Max Width of Film	300mm			
Gross Power	3 Kw			
Power Supply	220V 50Hz/ Customize			
Gross Weight	900kg			
Overall Dimension	4200*850*1550mm			

Our Company

Our company is founded in Suzhou, we are the professonal supplier of chocolate production line. We continuously innovate according to customers' demands. Our products and solutions have been applied to more than 50 countries and areas now. It's our permanent goal to provide best service for our customers which is the only reason why YOQ was created. And to meet clients' requirements continually is our motive power. To provide efficient service for customers is our working guide and standard of value assessment. Making our clients succeed means making ourselves succeed. We hope to cooperate with new and old customers for a bright future.
