Function:

These lines allow varying the weight and shape of the drops and chocolate mixtures. This type of product is ideally suited for industrial supply and melting for decorating or other inclusions in the products, e.g. cookies and ice-cream.

Packaging & Delivery:

1. The machine will be packed in a wooden case, avoiding unexpected damage.
2. The machine will be shipped from Shanghai port.

Service:

1. Along with the separate machines, our company also has an ability to deliver integrated solutions for the manufacture of the chocolate product.
2. Engineers are available for traveling to the customer's site overseas, in order to launch and maintain machines, as well as to provide a team training at the customer's location.
